Attention: Ms Florence Tan
Chief Operating Officer

Dear Florence,

Letter of Appreciation

We purchased ANSYS CFX from your company in 2005 and has been under the maintenance contract ever since. We are satisfied with this software and the local support services. We have established very good rapport with your company, particularly with your V.P. Mr. William Liu and your Application Engineer Dr. Chen Fang Zhi.

Very recently while working on a project proposal to our customer, we required assistance from your AUTODYN team, Mr. William Liu, Mr. Guan Wenhao and Mr. Chai Chee Meng. They put in their best effort in helping us iron out technical concerns and difficulties. We are especially appreciative of their initiatives in helping us set up the demonstration models. All these were on top of applying a temporary AUTODYN license to enable us to present the model to our customer with short notice.

We hereby thank you for the good services rendered and sincerely hope to maintain this professional partnership with CAD-IT Consultants.

Thank you and best regards.

Ma Yifei
