

## **3 - 6 March 2017, KDF Millennium Ride 2017**

Edwin was part of the 67-strong cyclists who makes the 1,000km journey from Perak to Singapore in four days.

The cyclists took a coach up to Belum Rainforest Resort at Gerik, in the state of Perak and ride back to Singapore via Gua Musang (in Kelantan), KL and Muar.

The cyclists have raised \$320,211 for the Kidney Dialysis Foundation, the second-biggest dialysis provider in Singapore. It costs \$8 million a year to keep the non-governmental organisation afloat, but the gloomy economic climate is putting a crimp on donations.

The KDF Millennium Ride is organised by local cycling group Epic Cyclist. The group of 67 cyclists comprised people from all walks of life, from civil servants to interior designers and engineers.

To Edwin, we at CAD-IT say, **Do More of What Makes You Happy!!**

## **7 Jan 2017, VELO VELO SINGAPORE: F[I]GHT [CAN]CER COMMUNITY RIDE**

On the 7th of January 2017, Velo Velo Singapore organized a charity ride from Singapore to Malaysia, with a challenging route that stretch up to 260 KM.

The event was meant to help raise fund for TOUCH Community Services' Cancer Support Fund.

Edwin Teo (right), a long-time CAD-IT staff, was one of the participating riders.

We are firmly behind him and others in the CAD-IT family that embarks on similar healthy pursuits and community works.

To quote Edwin, prior to the ride, "it's going to be a tough ride, but nothing compared to the pain that cancer sufferers have to endure"

The event has successfully garnered donations amounting to S\$31,969.
