To Ms Florence

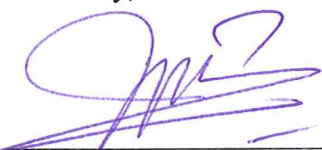

We would like to extend our commendation to CAD-IT Consultants Pte Ltd for supporting ANSYS solutions to Halliburton, Sperry Drilling Technology Singapore.

ANSYS is a very formidable simulation tool in speeding up R&D work and reducing the needs of multiple design iterations.

Over the years, you and your team have demonstrated professionalism, proficiency and promptness in resolving technical issues we encountered. The level of competency that you and your staff demonstrated is very well noted.

Thank you.

Sincerely,

---
