Dear Ms Florence Tan,

I am a Philips ANSYS user with more than five years experience. ANSYS is a very useful and user-friendly product for our simulation work. I would like to take this opportunity to express my thankfulness for the assistance provided by CAD-IT.

CAD-IT, as the ANSYS software distributor, not only sell us the software, but also provide us their quality after-sale service for Philips Electronics for these five years. Your ANSYS team staffs, Wang Wen Ping and Derek Chua, are very supportive and helpful to us. Especially, I am grateful for the technical support provided by Mr. Wang Wen Ping. He always tries his best to assist us in solving problems in the shortest time.

I have a good experience in working with your organization. I strongly believe your company could keep the present momentum and make great success in future.

Best Regards,

Wen Jian
